EDUCATION

VIT Bhopal University

Bachelor of Engineering in Computer Science; CGPA: 8.73

Bhopal, India

July 2022 – Present

Jagran Public School

Senior Secondary (12th); Percentage: 85.6%

Lucknow, India

2021

Jagran Public School

High School (10th); Percentage: 94%

Lucknow, India

2019

TECHNICAL SKILLS

Languages: C++, Python

Data Analytics & BI: Power BI (Desktop & Service), DAX, Power Query, Dataflows, Star Schema Modeling

Data Engineering: Apache Spark, PySpark, Spark SQL, Hadoop, HDFS, ETL Pipelines

Databases: SQL (Advanced), Microsoft SQL Server, Google BigQuery

Cloud Platforms: Google Cloud Platform (GCP), Dataproc

PROJECTS

Distributed Customer & Order Data Processing Pipeline | GCP Dataproc, HDFS, PySpark

- Designed and implemented a scalable data engineering pipeline on a GCP Dataproc cluster using HDFS and Apache Spark.
- Ingested raw customer, order, and product datasets into HDFS and processed them using PySpark DataFrames.
- Performed data cleaning, transformation, joins, and aggregations using Spark SQL and optimized join strategies.
- Applied partitioning, repartitioning, and Spark configuration tuning to improve performance and resource utilization.

Customer Credit & Risk Segmentation Dashboard | Power BI, SQL Server

- Engineered an end-to-end analytics solution to analyze customer behavior, demographic patterns, and default risk.
- Built reusable Power BI Dataflows with data profiling, transformation, and validation layers.
- Developed advanced DAX measures for YOY/YTD trends, cohort analysis, and median loan metrics.
- Implemented scheduled and incremental refresh to optimize performance on large datasets.

Cloud-Based Sales & Pricing Intelligence Platform | BigQuery, SQL, Power BI

- Designed a cloud-native analytics pipeline using Google BigQuery integrated with Power BI.
- Performed SQL-based data exploration and transformations on high-volume transactional data.
- Defined KPIs including YOY growth, L12M sales, TOTALYTD sales, units sold, and median price movement.
- Built interactive dashboards for regional sales performance and pricing effectiveness.

EXPERIENCE

Shunnaya Internship

Business Manager Intern

Remote

July 2024 - Dec 2024

- Acted as a liaison between clients and technical teams to translate business requirements into actionable tasks.
- Gathered, documented, and clarified client requirements to ensure alignment with technical implementation.
- Coordinated with cross-functional teams to track delivery, resolve blockers, and meet project timelines.

LEADERSHIP & EXTRA-CURRICULAR

Vice President, NULL VIT Bhopal: Organized SECVIT'24 CTF with 300+ participants and workshops.

Sports Coordinator & Cricket Captain: Captained the university team in 4 tournaments, winning 2 championships, and coordinated multiple sports fest events.

Event Coordinator: Organized and led 10+ technical and non-technical events during Advitya, the college's flagship annual fest, engaging 7000+ students.
